

How to fold your Pop-up banner

1. Push the sides together.
2. Form a figure of eight.
3. Fold the banner in half.
4. Slide into carry case.

Take extra care as the frame is spring loaded.

Our double sided, Pop-up banners are the modern alternative to the traditional banner frame. They are perfect for use outdoors, at sporting events e.g. golf days or indoors at exhibitions and ensure maximum exposure of your message and brand. The lightweight, integral, foldable frames are quick and easy to put up and take down in @ 30 seconds, they come with their own carry case so are easy to store and transport. The banners are available in a range of sizes and a circular rotating version is also available. The banners are digitally printed on a special air permeable polyester mesh so the options are endless from a simple logo to a full colour photographic image.
