

Promotional Banners Product Information

Sunbaba has over a decade of experience in helping clients to brand their events with promotional banners as they are an extremely versatile, cost effective branding solution. Our research and development has over the years led to the introduction of new materials to our range, in addition to our well proven air permeable Austronet and UltraMesh fabrics. Our new materials include a range of di-sub printed, soft polyester fabrics which are ideal for internal hanging banners, not only are they pleasing aesthetically, they give a quality of print that is not available with other digital print technologies. If you would like further information, print samples or prices just give us a call.

Sunbaba Environmental Statement

As a company, we are working closely with both our clients and suppliers to reduce environmental, economic and social impact of our products and have a number of recycling options available. Sunbaba is currently in the process of working towards BS9801 compliance.

Promotional Banners
Product Information

Sunbaba can produce banners of virtually any shape or size, finished to meet your specific requirements. This can include eyelets, pole pockets, keder or velcro, all to the highest specification. We also offer a range of accessories to help you ensure you display your banners to best effect, including banner frames, lamp post banner arms plus a full range of fixings e.g. cable ties, bungees etc. At Sunbaba we don't just sell branding; we offer a service that includes advice and support right from the start of the project through to completion. As a result we have developed strong relationships with all our clients large or small, so if you would like further information, print samples or a quote just give us a call.
