TFS Profile Guide

This guide will show you how to put together your TFS frames.

Before you begin constructing your stand ensure you have a clear space to work in that is larger than your overall stand.

We recommend you build the TFS system laying flat on the floor.

Wall-Mounting

For Micro TFS ONLY

1500mm MAX

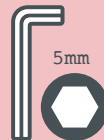

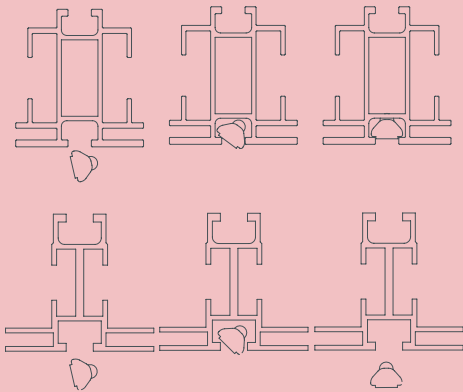

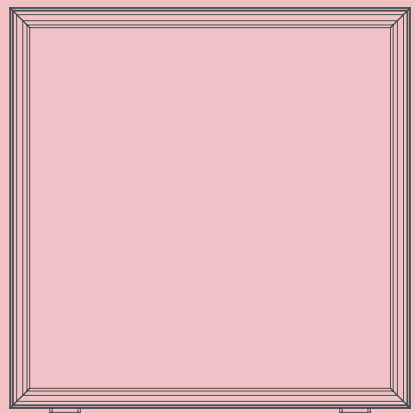

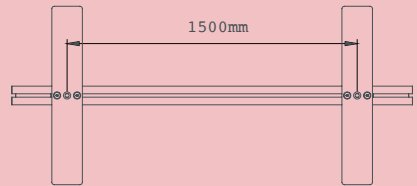

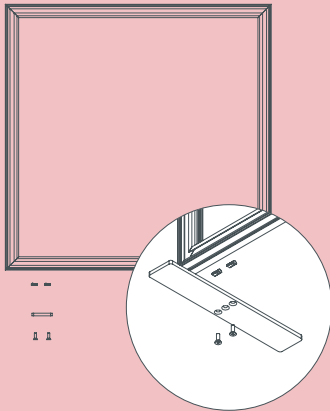

1500mm MAX

Note: Wall Fixings not provided. Always choose screws and plugs that are specially suited to the material.

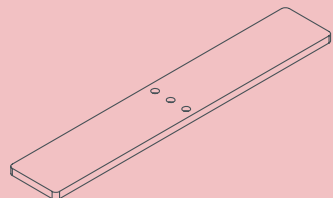

Diagram illustrating the assembly of the Micro TFS unit, showing the unit being secured to the wall with screws and the use of a pencil for marking.
